

IE ARCHITECTURE + DESIGN PRIZE YOUNG ARCHITECTS & DESIGNERS | 2014-17

Introduction

IE School of Architecture & Design announces its fourth **IE ARCHITECTURE + DESIGN PRIZE** for young architects and designers. We are seeking to attract top talents from around the world and invite them to take part in one of our School's innovative and exciting Master programs for the upcoming academic year.

Young architects and designers who graduated between 2014 and 2017 and who were ranked in the top 25% of their class are eligible to compete for the **IE ARCHITECTURE + DESIGN PRIZE**.

The winning entries will be awarded a scholarship toward tuition for the IE Master in Strategic Design of Spaces or IE Master in Architectural Management and Design (commencing in February 2018) or the IE Master in Real Estate Development (commencing in October 2017).

IE School of Architecture & Design

IE School of Architecture & Design is one of the leading architecture and design schools in Europe. Through its unique combination of design, innovation and management, IE School of Architecture & Design expands the boundaries of traditional architectural education. Our students bring together knowledge from many fields to prepare themselves for a changing world.

IE welcomes students who seek challenges and aspire to become leaders in the dynamic world of architecture and design.

IE Master in Architectural Management and Design

The Master in Architectural Management and Design combines management with advanced design studies. Participants will explore the relationship between architecture and management with top business professors and leading design professionals.

Duration:	13 months
Format:	Blended (Residential modules in Madrid and London – Interactive online classes)
Language:	English
Location:	Madrid + London + Online
Tuition:	€ 25.200

IE Master in Strategic Design of Spaces

The Master in Strategic Design is a forward thinking post-professional program that not only examines the profound changes occurring in environments for work, retail and learning, but also explores the tools and knowledge needed to strategically and innovatively design these and other spaces for the future. The Master in Strategic Design of Spaces is a pioneering program located at the intersection of design, technology and behavior.

Students will collaboratively develop techniques, skills and strategies for understanding and proposing creative new ideas for changing environments.

These new, user-centered spaces are where we will spend much of our everyday lives.

Duration:	13 months
Format:	Blended (Residential modules in Madrid and London – Interactive online classes)
Language:	English
Location:	Madrid + London + Online
Tuition:	€ 24.200

IE Master in Real Estate Development

The Master in Real Estate Development (MRED) is based on understanding the many facets of real estate and its strategic and important role in the making of cities. It is a one-year advanced degree aimed understanding the breadth and depth of the development process.

With a foundation in the economic, financial, strategic and legal aspects of real estate development throughout the world, this comprehensive course goes beyond traditional subjects of the field. As urbanization, the digital revolution and concerns about global warming are increasing at an unprecedented pace and scale, students must be able to acquire up-to-date knowledge, use new and innovative tools, and have an integrated view of the factors involved in real estate and the city to become leading professionals of the future.

Duration: 10 months
Format: Full Time
Language: English
Location: Madrid + Site Visits

Registration

There are no registration fees for the **IE ARCHITECTURE + DESIGN PRIZE**.

The registration is undertaken by the participants through the competition page www.iearchitectureplusdesignprize.com or the competition web platform www.arquideas.net.

Queries

During the period indicated in the competition calendar that has been included in these Terms and Conditions, questions about this competition can be sent to architectureplus@arquideas.net.

Arquideas, as the competition manager, will respond to all of the questions posed during the established period and will publish answers to questions deemed to be of particular interest to all participants in order to improve the comprehension of the project and resolve doubts.

All the documentation needed to take part in the prize can be downloaded from the competition page www.iearchitectureplusdesignprize.com and the Arquideas web site www.arquideas.net throughout the registration period.

Documents to be submitted

Each participant must submit within the submission period and before the deadline the required documentation in digital format through the competition web platform www.arquideas.net, completing the necessary data in the registration and submission forms.

Each participant will create a summary of one project or the Final Degree Project, highlighting in the submitted material the most representative aspects of the project. Both the architecture and/or design qualities of the project and the ability of each

participant to clearly convey the underlying idea of the project will be considered by the Jury.

The following files must be submitted:

- Two (2) DIN A1 vertical boards (594x841mm.) vertically organized, in one single *.PDF file at 300dpi containing the graphic information about the project. The contents and drawing scales are at the discretion of the participant in order to enhance the understanding of the project. The maximum file size is of 16 Mb.
- One (1) *.JPG file with a maximum recommended size of 1200px wide (about 1200x1700px) as a summary illustration of the project. This image will be used in the web preview, browser and project listings and will not be evaluated by the Jury.
- One (1) DIN A4 sheet in *.PDF format with a brief description of the project.
- One (1) DIN A4 sheet in *.PDF format with a text explaining the motivation to enter one of the IE School of Architecture & Design Master Programs

The documentation will be studied by the Jury members maintaining the anonymity of participants. Documents must be identified solely with the identification code provided during the registration process and placed at the top right corner of each panel or document (Example: 4APP 0123). Not following this rule will result in automatic disqualification.

All texts must be in ENGLISH.

The finalists will have an interview with IE admissions department.

The project submission deadline is until 24:00 hrs (GMT +0:00) of the final submission date, August 20, 2017.

Exhibition and publication

All of the proposals presented by participants will be part of a virtual exhibition on the competition platform web site www.arquideas.net, with a special focus on the top Prizes and the Honorable Mentions.

Property rights

All of the documentation presented to this prize will become part of the Arquideas archive, which reserves the right to promote and publish the presented proposals.

Therefore, participation in the competition authorizes the reproduction, distribution and communication of the projects submitted to IE School of Architecture and Design and Arquideas.

The material presented can be published in virtual galleries on the Arquideas website, as well as on websites of collaborating media.

If necessary, IE School of Architecture & Design and Arquideas reserve the right to adapt the content of presented proposals to ensure their correct publication, without modifying the plans and drawings in any way.

Participants guarantee they are the legitimate owners of the work submitted and ensure they have not violated intellectual or industrial property rights of third parties.

Other notes
